## FORMULARY (LIST OF COVERED DRUGS)

Absolute Total Care (MMP)

**Note to existing members:**

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

00017411, Version 16

No changes made since 11/01/2017. For more recent information or other questions, please contact Absolute Total Care Member Services at 1-855-735-4398, TTY:711. Member Service hours are from 8 a.m. to 8 p.m., Monday through Friday.

After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day.

Or visit <http://mmp.absolutetotalcare.com>

## Absolute Total Care (ATC) | 2017 List of Covered Drugs (Formulary)

This is a list of drugs that members can get in Absolute Total Care (ATC).

- ❖ Absolute Total Care (ATC) is a health plan that contracts with both Medicare and South Carolina Healthy Connections Medicaid to provide benefits of both programs to enrollees.
- ❖ The List of Covered Drugs and/or pharmacy and provider networks may change throughout the year. We will send you a notice before we make a change that affects you.
- ❖ Benefits may change on January 1 of each year. You can always check ATC's up-to-date List of Covered Drugs online at <http://mmp.absolutetotalcare.com>.
- ❖ Limitations and restrictions may apply. For more information, call ATC Member Services or read the ATC Member Handbook.
- ❖ You can get this information for free in other languages. Please call our customer service number at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. The call is free.
- ❖ Usted puede obtener esta información gratuitamente en otros idiomas. Llame al 1-866-896-1844. El horario de atención es de 8 a.m. a 8 p.m., de lunes a viernes. Luego del horario de atención, los fines de semana y los días feriados, es posible que se le pida que deje un mensaje. Le devolveremos la llamada el próximo día hábil. Los usuarios de TTY deben llamar al 711. La llamada es gratuita.
- ❖ You can get this information for free in other formats, such as large print, braille, or audio. Call 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. The call is free.
- ❖ If you would like this information in a format other than English or in an alternate format, please call 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. You can also email [ATC\\_SC\\_MMP@centene.com](mailto:ATC_SC_MMP@centene.com).

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. The call is free. **For more information**, visit <http://mmp.absolutetotalcare.com>.

# Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

---

## 1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the “Drug List” for short.)

The drugs on the List of Covered Drugs that starts on page 11 are the drugs covered by ATC. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

→ ATC will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy, **and**
- you fill the prescription at an ATC network pharmacy.

→ ATC may have additional steps to access certain drugs (see question #5 below).

You can also see an up-to-date list of drugs that we cover on our website listed at the bottom of the page or by calling Member Services at the number at the bottom of the page.

---

## 2. Does the Drug List ever change?

Yes. ATC may add or remove drugs on the Drug List during the year. Generally, the Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (*Prior approval* is permission from ATC before you can get a drug.)
  - Add or change the amount of a drug you can get (called “quantity limits”).
  - Add or change step therapy restrictions on a drug. (*Step therapy* means you must try one drug before we will cover another drug.)
- 

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

(For more information on these drug rules, see page 4.)

We will tell you when a drug you are taking is removed from the Drug List. We will also tell you when we change our rules for covering a drug. Questions 3, 4, and 7 below have more information on what happens when the Drug List changes.

→ You can always check ATC's up to date Drug List on our website listed at the bottom of the page. You can also call Member Services to check the current Drug List at the number at the bottom of the page.

---

### **3. What happens when a cheaper drug comes along that works as well as a drug on the Drug List now?**

If you are taking a drug that is removed because a cheaper drug that works just as well comes along, we will tell you. We will tell you at least 60 days before we remove it from the Drug List **or** when you ask for a refill. Then you can get a 60-day supply of the drug before the change to the Drug List is made.

We will mail you a notice if you are taking a drug and we change our rules for covering it. You will receive the notice by mail at least 60 days before we change the drug rules or remove the drug from our Drug List. For example, if you are taking a drug, and we add prior authorization (approval), quantity limits, and/or step therapy, the notice you receive will explain the new rules.

For more information on these drug rules, see page 4. If you have questions about the notice you receive from ATC, call Member Services at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711.

---

### **4. What happens when we find out a drug is not safe?**

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Drug List right away. We will also send you a letter telling you that. If you have any questions after being notified of the change, you should contact the doctor who prescribed the drug for you.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

---

## 5. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from ATC before you fill your prescription. If you don't get approval, ATC may not cover the drug.
- **Quantity limits:** Sometimes ATC limits the amount of a drug you can get.
- **Step therapy:** Sometimes ATC requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 9. You can also get more information by visiting our web site at <http://mmp.absolutetotalcare.com>. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy by calling member services at the number below.

You can ask for an "exception" from these limits. Please see question 11 for more information on exceptions.

→ If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List, or if you cannot easily get the drug you need, we can help. We will cover a 31-day emergency supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new ATC member. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see question 11 for more information about exceptions.

---

## 6. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The List of Covered Drugs on page 11 has a column labeled "Necessary actions, restrictions, or limits on use."

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

---

## 7. What happens if we change our rules on how we cover some drugs? For example, if we add prior authorization (approval), quantity limits, and/or step therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you at least 60 days before the restriction is added or when you next ask for a refill. Then, you can get a 60-day supply of the drug before the change to the Drug List is made. This gives you time to talk to your doctor or other prescriber about what to do next.

---

## 8. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), *or*
- You can search by medical condition.

To search **alphabetically**, go to the Alphabetical Listing section. You can find it by reviewing the index of drugs that begins on page 110.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page 11. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

---

## 9. What if you are a current member and the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Member Services at the number at the bottom of the page and ask about it. If you learn that ATC will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. *Or*
- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

Throughout the plan year, you may have a change in your treatment setting (the place where you get and take your medicine) because of the level of care you require. Such transitions may include, but are not limited to:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting.
- Members who are admitted to a hospital or skilled-nursing facility from a home setting.
- Members who transfer from one skilled-nursing facility to another and are served by a different pharmacy.
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit.
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage.
- Members discharged from psychiatric hospitals with highly individualized drug regimens.

For these changes in treatment settings, ATC will cover as much as a 31-day temporary supply of a Part D-covered drug when you fill your prescription at a network pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior approval and get approval for continued coverage of your drug. We will review these requests for continuation of therapy on a case-by-case basis when you are on a stabilized drug regimen that, if changed, is known to have risks. To ask for a temporary supply of a drug, call Member Services.

---

## 10. What if you are a new ATC member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We will cover a temporary 30-day supply of your Part D drug and a 90-day supply of your Healthy Connections Medicaid drug during the first 180 days you are a member of ATC. This will give you time to talk to your doctor or other prescriber. He or she will determine if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

We will cover a temporary supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by ATC, **or**
- you are taking a drug that is part of a step therapy restriction.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

If you live in a nursing home or other long-term care facility, you may refill your prescription for as long as 91 to 98 days for Part D drugs and 90 days for non-Part D drugs. You may refill the drug multiple times during this time period. This gives your prescriber time to change your drugs to ones on the Drug List or ask for an exception.

---

## 11. Can you ask for an exception to cover your drug?

Yes. You can ask ATC to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, ATC may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
  - Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.
- 

## 12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

## 13. How can you ask for an exception?

To ask for an exception, call Member Services at 1-855-735-4398. TTY users call 711. A Member Services representative will work with you and your provider to help you ask for an exception.

---

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

---

## 14. What are generic drugs?

*Generic drugs* are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

ATC covers both brand name drugs and generic drugs.

---

## 15. What are OTC drugs?

*OTC* stands for "over-the-counter". ATC covers some OTC drugs when they are written as prescriptions by your provider.

You can read the ATC Drug List to see what OTC drugs are covered.

---

## 16. What is your copay?

As an ATC member, you have no copays for prescription or OTC drugs as long as you follow ATC's rules.

Copays are listed by tiers. Tiers are groups of drugs with the same copay.

- Tier 1 drugs are generic drugs. The copay is \$0.
- Tier 2 drugs are brand name drugs. The copay is \$0.
- Tier 3 drugs are Non-Medicare prescription or over-the-counter drugs. The copay is \$0.

---

## 17. What are drug tiers?

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are generic drugs. The copay is \$0.
- Tier 2 drugs are brand name drugs. The copay is \$0.
- Tier 3 drugs are Non-Medicare prescription or over-the-counter drugs. The copay is \$0.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

---

## List of Covered Drugs

The list of covered drugs that begins on page 11 gives you information about the drugs covered by ATC. If you have trouble finding your drug in the list, turn to the Index that begins on page 110.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *metformin*).

The information in the necessary actions, restrictions, or limits on use column tells you if ATC has any rules for covering your drug.

<b>Abbreviations</b>	Descriptions
<b>B/D</b>	This prescription drug has a Part B versus Part D administrative prior authorization requirement. This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
<b>DP</b>	This drug is not a Medicare Part D drug. This item is covered under your Medicaid benefits. This drug also has different rules for appeals.
<b>LA</b>	Limited Access. This prescription may be available only at certain pharmacies. For more information call Member Services at 1-866-549-8289. TTY users should call 711.
<b>PA</b>	Prior Approval (or prior authorization). ATC requires your doctor or you to get prior approval for certain drugs. This means that you will need to get approval from ATC before you fill your prescriptions. If you don't get approval, ATC may not cover the drug.
<b>QL</b>	Quantity Limit. For certain drugs, ATC limits the amount of the drug that will be covered. For example, only 30 tablets of JANUVIA per 30 days. This may be in addition to a standard one-month or three-month supply.
<b>MO</b>	Maintenance Drug. This prescription drug is eligible for a 90-day supply through our mail order service as well as through certain retail network pharmacies. Consider using mail order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).
<b>NDS</b>	Non-Extended Day Supply. This prescription drug is not available for an extended days' supply.
<b>ST</b>	Step Therapy. Sometimes ATC requires you to do step therapy. This means you might have to try one drug before we will cover another drug.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

**Note:** The **DP** next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. These drugs also have different rules for appeals. An *appeal* is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Healthy Connections Medicaid. If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at the number at the bottom of the page. You can also read the Member Handbook to learn how to appeal a decision.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398. Hours are from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users call 711. **For more information**, visit <http://mmp.absolutetotalcare.com>.

Absolute Total Care complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Absolute Total Care does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Absolute Total Care:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you need these services, contact Absolute Total Care's Member Services at 1-855-735-4398, TTY 711.

If you believe that Absolute Total Care has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by calling the number above and telling them you need help filing a grievance; Absolute Total Care's Member Services is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf> or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019, (TDD: 1-800-537-7697).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>

1441 Main Street  
Suite 900  
Columbia, SC 29201
