## B. Providers

### B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a family practice physician, a general practitioner, a primary care clinic, or an internal medicine physician who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can see the other someone that is not your PCP. If you don't get a referral, Absolute Total Care may not cover the service.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.absolutetotalcare.com](http://mmp.absolutetotalcare.com).

- Referrals from *network PCP* are not needed for:
  - Emergency care;
  - Urgently needed care;
  - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
  - Services from a women's health specialist.
- Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a **care coordinator** and a **Care Team** that you choose.
  - A **care coordinator** helps you manage your medical providers and services.
  - Your **Care Team** is a group of advocates and providers working together to provide you with medical, behavioral health, psychosocial, social care, and long-term services and supports in the community or in a facility. You are a member of your Care Team, and you can tell us who else you would like to participate. Unless you tell us otherwise, your Care Team will include:
    - You
    - Your care coordinator
    - Your Primary Care Provider (PCP)
    - Your behavioral health clinician (if you have one)
    - Your long-term services and supports (LTSS) providers (if you have them). These include:
      - Your Home Again Transition Coordinator
      - Your waiver services provider
      - Your Community Long Term Care (CLTC) waiver case manager
    - A pharmacist, and
    - Representatives from the facility where you get care

---

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. The call is free. **For more information**, visit [mmp.absolutetotalcare.com](http://mmp.absolutetotalcare.com).

- Your Care Team **can also include** the following people, if it is appropriate and if you agree:
  - Nurses, specialists, social workers, and other people who can provide expert advice
  - Family members
  - Other informal caregivers
  - Advocates
  - State agency or other case managers
- Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

## B2. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider.

To choose a PCP, go to the list of providers on page 23 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call your care coordinator at 1-855-735-4398, from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. TTY/TDD: 711. You can also call Member Services or visit our website using the information at the bottom of the page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

---

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.absolutetotalcare.com](http://mmp.absolutetotalcare.com).

### **B3. Long-term services and supports (LTSS)**

You may be able to get long-term services and supports (LTSS), such as environmental modification (minor changes to your home), pest control, home delivered meals, and respite care (relief for your primary caregiver, either in an in-patient facility or at your home).

LTSS help for people who need assistance to do everyday tasks like taking a bath, getting dressed, and making food. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

LTSS are available to members who are on certain waiver programs operated by the Community Long Term Care (CLTC) division of Healthy Connections Medicaid. Those waivers are:

- Community Choices waiver
- HIV/AIDS waiver
- Mechanical Ventilator Dependent waiver

Members on different waivers can get different kinds and amounts of LTSS. If you think you need LTSS, you can talk to your care coordinator about how to access them and whether you can join one of these waivers. Your care coordinator can give you information about how to apply for an appropriate waiver, and all of the resources available to you under the plan.

---

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. ## B4. How to identify providers in Absolute Total Care's Network

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Directory on page 13.

You must get all of your covered services from providers within our network. If you go to providers who are not in Absolute Total Care's network (without prior authorization or approval from us), you will have to pay the bill.

**A prior authorization** is an approval from Absolute Total Care before you can get a specific service, drug, or see an out-of-network provider. Absolute Total Care may not cover the service or drug if you don't get approval.

The exceptions to this rule are during your first 180 days in our plan or when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Absolute Total Care gives you permission first.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.
- Absolute Total Care works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Absolute Total Care can help you. Talk to your care coordinator for assistance.

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit [mmp.absolutetotalcare.com](http://mmp.absolutetotalcare.com).

## **B5. How to find Absolute Total Care providers in your area**

This provider directory is organized by provider type, county, and city. Look for the type of provider first (for example, PCP, cardiologist, etc.), then look for your county and city to find a provider close to your home. You can also visit the website at [mmp.absolutetotalcare.com](http://mmp.absolutetotalcare.com) for the most current provider listing.

---

**If you have questions**, please call Absolute Total Care at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. # Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. ## Accessibility Requirements:

**Basic:** Facility represents all seven accessibility requirements.

**Limited:** Facility is missing one or more of the seven accessibility requirements.

Indicator	Definition	Criteria
ASL	Signage (ASL)	Signage with Braille and raised tactile text characters at office, elevator, and restroom doors.
